

Zonta International has been bringing professional women and men around the world together for the common mission of empowering women since 1919.

We give club members local opportunities to support their communities while also focusing on larger international projects that empower women and bring about sustainable change to ensure that each generation is stronger than the last.

We advocate to change laws, harmful cultural norms and overall attitudes that have hindered gender equality and human rights for all.

## WHEN YOU ADD YOUR VOICE, YOU:

Join thousands around the world, making a greater impact in local and global communities through proven service and advocacy efforts and activities

Gain leadership skills, lifelong friendships and a greater understanding of global issues affecting women and girls

ADD YOUR VOICE TO  
EMPOWER WOMEN
